EXPERIENCE

ROSANNA IMPORT INC. - INDUSTRIAL DESIGNER

Seattle, USA / 2.2018 - Present

- Designed a very hot selling product for Starbucks China — cat paw double wall glass. The product sold out 14000+ pieces(sales rate 100%) immediately when it hit the shelves.
- Designed the Starbucks US nationwide core mug and won the project against many competitors. This was the first time for Rosanna Inc. to win the Starbucks US nationwide core mug project.
- Cooperated with our clients to design, model, and develop more than 100+ products every year. They include Starbucks (USA, Asia Pacific, China), Macy's, the Metropolitan Museum of Art, the White House gift shop, the Space Needle gift shop, and the Metropolitan Opera, etc.
- Utilize Solidworks and KeyShot to bring ideas to life for production for clients.
- Investigate design trends and manufacturing processes for innovation in new product design and production techniques.
- Create 3D printing files, technical documents, and production files for factories for mass productions.
